Upper Loup NRD 39252 Highway 2, Thedford, NE 69166 (308) 645-2250 NATURAL RESOURCES WATER QUALITY PROGRAM RESIDUAL NITROGEN MANAGEMENT

Upper Loup Natural Resources District will provide an incentive payment of \$.70 per field acre or cost of actual soil testing, whichever is least, up to a maximum of \$400 per landowner for soil testing meant to protect ground water quality. Social Security # if using Landowner Name Federal Tax ID # if using Ranch Name Landowner or Ranch Name Address Phone # I, the undersigned, do hereby request cost-share assistance to help defray the cost of soil testing for residual nitrates. I will use the results of the soil tests when setting fertilizer rates to achieve a realistic yield goal. Location of Practice: (Complete <u>or</u> attach list of planned testing locations) **Applicant's Request Practice Units Completed** Cost Total # of # of Acres **Actual Cost** The Smaller of these Per Estimated Tested of Testing Two Amounts Acres Acre Cost Soil Testing for Residual Nitrates \$.70 Acres Total Estimated Cost \$ \$400 Maximum Assistance Total Cost Share to be Paid \$ The landowner certifies that the soil testing has been completed, Landowner's signature the recommended rates of fertilizer were used and has included a copy of the invoice(s) that show the soil testing costs. The landowner also agrees to release soil test results to the Upper Loup NRD for data purposes only. Technician's signature Date Landowner's signature Date The Upper Loup NRD agrees to provide up to \$ deep soil testing for residual nitrates. The maximum assistance is not Technician's signature to exceed the actual cost of the soil testing or \$400. I have reviewed the above claim and find it is a proper claim for payment.
